STRAIT-FLEX®

New Concept Drywall Products

Tile-Tape

DESCRIPTION (Waterproof)	Patented PVC tight fibered cotton composite corner tape that is 2 ” wide, **.013”** thick and comes in 100’ rolls. Strait-Flex Tile Tape produces straight, strong and waterproof inside and outside corners. Watertight seams and corners-Apply over fiber cement board or green board in wet areas (tubs, showers, tile countertops, tub decks).
ADVANTAGES	• **Waterproof corners from common grout cracks.** • **Straightens small framing irregularities.** • **Spans over large voids.** • **Will not cut or snag with notched trowel when applying tile setting compound.** • **Inside and outside 90 º corners, and intricate off angles.** • **Inside 90 º corners where a large fill or straightening is required, or where strength and speed of finish are required.** • **Rustproof.** • **No. Cracks. No Callbacks.**
WARRANTY	Strait-Flex products are backed by a lifetime warranty. When applied to a sound structure, built on a permanent foundation using recommended application techniques, we warrant that these products will not edge-crack for the lifetime of the structure. Contact Strait-Flex International Inc for complete details.
DIRECTIONS	• **Cut Strait-Flex to desired length. Adjust to desired angle.** • **Apply using a liberal coat of all-purpose compound with joint knife. Use tile setting compounds in wet areas.** • **Press Strait-Flex into wet compound. Adjust if necessary to create straight line and wipe down with joint knife. Immediately apply light skim coat and let dry.** • **Apply final coat, let dry and sand.**
STORAGE	**Store in dry place protected from moisture.**
